MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We held our Annual Congregational meeting on the first Sunday of this month (January).The buisness end of the church was brought before the Congregation. The report being given by the various organization,then we went on with the election of the new officers of the church.

4/59 voted members sheet re: Hoovals

We received the movie projector from the Oakland## First Presbyterian Church. We showed the first film last Sunday in the church . We are indeed thankful to the Oakland church. By the way they are on of my supporting churches.

We are trying to carry on the Young Peoples' program. We observed the Young Peoples' Sunday. The Jr. Hi. Westminister Fellowship conduct the evening service on that day.

The Women of the church are now preparing for the World's Day of Prayer service. We note that the World's Day of Prayer is on the I3th of this month.

We are now preparing for the Spring and summer program of the church. The Jr. Hi. WF is now raising money for Scholorship. They are offering two scholorships this year for the Rainbow Glacier Camp. The church will also give another two scholorships.

Mrs. Johnson is still in Seattle. Evidently the mother of the twins is still too weak to take care of the new born twins and the other girl of a former birth. I guess that is what it means to be Grand parents. I sure need Evelyn in the church work but it seems that she is attending to family duty.

The work of the church is going along about as good as can be expected.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The Missionary Society held the World's Day of Prayer in which different members of other churches took part. This was well attended.

It is good to have a movie projector after being without it for 18 months. Now we are able to show different movies to both old and the young.

The Adult Choir is now busy on an Easter Cantata. The Junior Choir is busy also. The sing just about every other Sunday.

We are looking foward to the Easter Season at which time we will again hear the message of the Risen Lord.

The Young people's program will be carried on. We are preparing for the Spring and summer work of the Young People. Again scholorships are being offered for the Rainbow Glacier Camp. The Young People will have to earn their Scholorship by means of memory work.

Last Sunday we had Communion Service. After the service was over the members of the Session and the Pastor served the sick of the church.

The Pastor is happy to have Mrs. Johnson back in Hoonah so that we are able to carry on the work without handicap. Mrs. Johnson is a lot of help to me. Unfortunately I have never been lucky enough to have some one in the church who has the talent that Evelyn has.

We are happy to report that our Daughter Dolores is now doing well. She is gradually gaining her health so that she will be able to do her mother's duty before long. At the present time she has a helper in her house.

There is always much work todo. No matter how much work we do, we always have a feeling that we are not doing enough.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This had been a big month as a rule. However we have been blessed through the visit of Dr. Walter A.Soboleffs visit for three days of evangelism. On my breif visit to Juneau this winter Walter asked me if I thought it would help the people of Hoonah if he visited us for three days of evangelism. I immediately told him that he should plan on visiting us for that purpose. He came, and we held the x services. We had 65 in the first service, 8I in the next and II5 in the third. It was something we needed in our church as we did not have any in October.

The Easter season is passed now, and we are now looking foward to the Children's Spring and Summer program. We are now raising money for The Rainbow Glacier Camp Scholorship. We hope to raise enough for four scholorships and we are quite sure that others will go on thier own this year as they did last year. The members of the Jr. Hi. WF are now working for their scholorship. They have been asigned to memorize Scriptural passages, the Beatitudes,the Ten Commandments, The Apostle' Creed and I5 Bible verses. A date had been set for their final examination at which time they will be graded.

We are making good use of the children's library in the church. We only wish that we can have more books. Some members of the Seminar of last summer sent us books but it seems that we will have to have more and more books as we go along.

The Easter Cantata was well rendered. We should plan on making a trip to our nearby communities in the near future. We do have a very good choir. They had been very attentive. They came to choir rehearsals regularly. We are trying to convince them they have to be good Christians if they belong to the choir.

We are planning on a Communion service for the I9th of April. The purpose is to have on with the halibut fishermen before they go out to the fishing grounds.

Right now we are ready to send our delegates to the meeting of the Presbytery and the Presbyterial which is to meet at Skagway. We are again looking foward to meet those who are in the Cause of Christ.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The month of April had been a very good month for our church. The Juneau memorial church choir, (twenty five) voices paid us a visit. They gave a concert of religious music.
They were with us all day Sunday, April the 26th. They sang at the Morning service, in the afternoon they gave their concert, then in the evening again they sang for us. Again it was a day of special evangelistic services. We are indeed blessed through their visit. At the end of the evening service an alter call was given since the men of the community were about to leave for the fishing grounds. It was really gratifying to see the boat captains and the crew members come out to pray together.

The men are now out fishing so we will now have to concentrate on the the summer program of the young people. This coming Sunday we are going to plan an Annual Sunday School picnic. This is always a great day for the boys and girls of the Sunday School as well as the Mothers and some of their fathers who happen to be in town on that day.

The next big day will be the Mother's Day. The women of the church will sponsor a special Mother's Day service.

We do hope that we can send at least two delegates to the Leadership Training school which is to be held at Haines, Alaska on May, 24th to 30th.

The Bible School is not too far distant from us now. We are preparing for that also. We are to have three local teachers and there will be three from outside.

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We have been planning during the month of May for the Summer Program.

The Mother's Day was observed on the tenth of May. We have had a very good service as well as good attendance.

This is the time of the year when the men of the church go out to fish so our attendance drops, beginning the month of May.

We returned from the Leadership Training School which was held at Haines. We had a very good school with able teachers from the "outside" as well as from Alaska.

Plans are now underway for the June, 29th. Seminar visit. We are also sending some girls to the Rainbow Glacier Camp. We will try to have more children in the Vacation Bible School this year. Last year we had forty five attending. Our Bible School date is set for (opening date) July, 6th.

Last Sunday night we had a large attendance in the service. This is the largest attendance we have had for the evening service since we had our recent choir program.

We will make every effort to keep the church program alive even though the men are now out to earn their livelihood.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We have had a very busy spring and summer in the Young People's Program and also in preparation for the visiting Seminar.

We certainly looked foward to the Seminar visit. And we were sure pleased when they arrived. They were a very good group. We certainly enjoyed having them.

We were indeed blessed through their visit. I think even the fsh dinner was a blessing. We had no difficulity in getting the species that we wanted.

We are still waiting to send our girls to the August Camp of the Junior High at Rainbow Glacier. The girls are looking foward to that trip.

We have had to discontinue our church activities since so many of our people had moved to Excursion Inlet for the summer andthe en folks had gone out fishing.

We are just about ready to start the Vacation Church School. We will have two girls and a boy this year from the outside. We are hoping for a better attendance than last year. Last year we had 45. We will try to have 50 Or more this year. I think we are indeed fortunate this year in having all trained teachers.It is always our policy to show our vivitors a good time when they vivit us.

We are planning to have our vacation during the month of August. Again we plan to hav it right around Hoonah since we cannot afford to go any great distance.

The work of the church is slacking off as usual due to the seasonal work of the local people.

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We are happy to report that we had a record attendance in our Vacation Church School in July. We had 92 on the roll with an average attendance of 59. The teachers were very good. The children liked them very much.

Againn we have had to discontinue most of the activities of the church due to the seasonal work of our people of the community. We will resume them after the seineing season.

We are happy to report that we had some vistors in our church from dofferent parts of the states. They come to this area to fish and we never know just who is going to come to worship with us. Just last Sunday we had a man from Portland, Oregon and another from Montana.

We will have our vacation during the month of August. We will resume our work beginning the month of September.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

As of September first we have been back on the feild,that is legally.

We held Sunday Morning services every Sunday during the month of August. We also had our Sunday School every Sunday during that month.

Some of our people are still at Excursion Inlet. We hope that they will be home in time to tak part in the Communion servicewhich we planned for October IIth.

We have added some of our church activities as of October, Ist. We will report the result of it in our October report.

This time of the year it is hard to get the work of the church going properly due to the movement of the people. They are not settled for the winter until the first part of November.

We are now planning to go to the meeting of theFall Presbytery which is to be held at Ketchikan on October, I4th.

noted 1959 charters list K 10/5

We are very sorry to report that we are losing Mr. Carl Marvin. He and his family are moving to Juneau. Carl had been a right hand man to me. He certainly had been a lot of help to us in our work andnow we have lost him. It is going to be hard to replace him. May the Lord bless him.

In August Evelyn lost her step sister. And then recently she lost a step-brother. Evelyn took it very hard since both her Stepmother and Father are sick andthey are unable to get around.

We will have all of th church activities as soon as our people get back to stay.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We find the month of October as the slowest month, considering that it was usuall a month when we add on to the activities of the church. People had been in and out of Hoonah as usual, perhaps more than usual.

You will note in the October report that during the second and third Sunday I was not at Hoonah. Presbytery meeting was the cause of it. I had to be in Juneau on a certain date before the second Sunday and we were to be back in Hoonah for the third Sunday but we were storm bound in Stephen's Passage for two days. In fact we spent that Sunday there. This is the reason for missing two Sundays in a row.

We have now added more activities to the church program The people are more or less settled down for the winter now. I often wish that conditions were different than what it is so we would not have to curtail our church program.

Plans are being made for the Every Member Canvass during themonth of November. We are also planning to have an evangelistic program during the month of November.

As of January Ist. 1960 we will again use the Faith and Life Curiculim in our Sunday School. This time it is going to be here to stay. The SS teachers asked to change over to some other material last spring so we did.

I am really sorry about the delay in my Annual Narrative for the year. I over looked it and then we had to be away those two weeks during the month of October plus a bad eye. My eye bothered me for almost a month. Perhaps it was an infection. It finally cleared up so that it is normal now.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We have had some big gatherings this month. The attendance had picked up during the month of November. The is a marked interest on the part of the members More things had been ordered for the choir and for the worship center.

We have much to be thankful for at Thanksgiving time. We held a joint service of all churches in the community. In this alone we have about seventy five people turned out to thank God.

The Youth program is better now and we hope to build it up again now that the people are settled down.

We are now planning on the budget for the year 1960.

The Choir is busy on a new Cantata now. They are holding three rehearsals a week. This coming week we will hold fiverehearsals a week until Christmas.

We are planning on other things for the church in the way of added program which may interest the younger members.

We are planning also a full program for Christmas. There will be several nights of program by different groups. Our church will have more activities however as usual.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Another year had gone by. This is always a busy season, but it is also full of joy and blessings.

We are happy because for the first time since we took the work over at Koonah we were able to pay up our Benevolence Quoto. We also met our budget.

We made a trip to our neighboring community of Angoon. We presented a Christmas Cantata and it also served as an evengelistic purpose. It brought to the people of Angoon the good news of the Saviour's birth. The whole community came out to our services and program. It was a joyous occassion for The Rev. Betts because this brought to him friends whomm he served while at Hoonah.

The Christmas season is always observed to the fullest extent here at Hoonah. All the different churches in the community gave their Christmas programs beginning Friday the 18th on through the 24th.

One hundred and thirty people came to our Night Watch Service. We gave an alter call and twenty people came to Christ.

There is much to be done here. We see the result of the works of the evil one. Some of our members are doing more than they had in the past. We pray that they may love the Lord and serve Him day by day.

We pray that the year 1960 may be one that will prove to be prosperous not only physically but Spiritually also.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We have had a Junior Choir of children between 6 and 12 sometimes numbering 16. It is our opinion, which we are making known to the congregation on our last Sunday, that the next step should be individual auditions to determine the ability of the children, and each one's willingness to be faithful at rehearsals and services. This would probably result in a choir of fewer numbers, but better quality.

A farewell dinner was given us by two families of the church with about 40 guests there. We were presented with a genuine Argillite Haida Totem carved by John Wallace, the last professional carver, a pair of ear rings of ivory, an antique bone spear head (Haida) and a hand made Haida Ballot box. Later an individual gave to another one as well as a hand made "Deer Call". A farewell reception was also given us after the Evening Worship Service one last Sunday evening, and other presents were given us.

Public School Teachers were willing to help us in the Church School during vacation, but feel that the children ought to have some new different out to begin them on Sunday after the beginning of school. Consequently we leave the Church School Teachers to be selected to fill the vacancies now with the Moyers and Superintendent.

This being the only church, the entire community feels that it is their's. This noncompetitive field should demand the interest, prayers and support of our denomination. We have been here just enough to sense the delicate, personal problems that go with an isolated community such as this.

In closing these five months we have spent in Alaska, we would like to [illegible] to take this opportunity to thank Dr. Jackson and National Missions for making it possible for us to come and render some service in this these interesting fields.

You may be interested to know that we have written weekly articles for the Daily Jerusalem, Centralia, Ohio (circulation about 20,000) for the past 20 weeks.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

After two months on a waitease, it was good to settle down again. Those two months were busy ones, with some time for relaxation, too. Most of our time was spent in the Pennsylvania area, visiting family and friends there, as well as telling our story to Church groups. We were able to get into all of our supporting Churches in Pennsylvania. But we did not get into any outside of the State, since the others are so far scattered. We were warmly received wherever we went, and always had an alert audience on the subject of Alaska.

The Summer work here went very well under the guidance of Dr. and Mrs. Evans. In a community as isolated as ours new faces are a good tonic for the people. I believe it proved so in this case. We felt a warm welcome on the return, and also a very warm expression of appreciation for the Evans.

We have continued the Junior Choir started by Mrs. Evans. Mary Ellen is taking it over. They are singing every other Sunday for our Church Service. It has increased our attendance above the same period last year....the amount of increase being about the same number as are in the Junior Choir. Though I see a couple of instances where parents have been reactivated.

The fishing season....both Summer and Fall.... seems to have been poorer than ever. This has brought a greater disappointment than ever; for with the fish traps out of the area the dreams were high this year. More families have left, so that our Village population is smaller than ever. Four families have gone to Ketchikan, one to Sitka, and two to Edna Bay. Several of these have been large families. It has brought quite a decrease in our public school attendance. And we notice it in our Church School.

It seems as though a large part of October for us personally has been spent in waiting for the airplane into Hydaburg. During the week of Presbytery, we waited for three days to get out. It was a real disappointment not to make it. Since we had some other necessary business in Ketchikan, we waited until the third day of the following week, before finally getting over. But such is life in Hydaburg.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

November has been a routine month with the Village settling down for its Winter doldrum. The weather has been dreary; and oftimes it seems that the minds of the people gear in with the weather! Hunting has been themain activity of the men; but even that has been halted many times by foul weather. And with the end of November the Hunting season is over. There will be trapping later, January, I believe. But there is not much profit in that; and the men aren't much enthused.

The highlight of the month for the Church ~~fmxxkimx~~ was our family night dinner, which was quite successful and well received. It was a part of our Stewardship campaign, which covered three Sundays. Since the people refuse to use pledge cards, the campaign is mainly a preaching program. The first Sunday the sermon theme was on gambling, which is a tragic ailment in this community. The second Sunday was our family night program, with the film: "Second chance." The third Sunday the sermon was on a misuse of his money, with very specific reference to the local picture. There were some reactions, which proves that the people were doing some thinking, at least.

The Thanksgiving Service was well received. The children's choir is still proving to be a worthwhile attendance booster.

Both the Session and Church School teachers are looking toward January when Meyreld Swanson will be with us for the C.E. Training program.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

December in Hydaburg was punctuated by storms! Three week-ends in a row we had winds 80 mph and above. The last one was most severe with winds estimated at 110 mph. There was much minor damage done, but nothing really major. The manse suffered two windows blown in, and several small patches of shingles blown off. Part (just 6 blocks of celetex) of the Church ceiling came down, but was repaired within the week by the Deacons. Almost all homes suffered similar minor damage. But considering the winds, it was a miracle some homes didn't blow away. And when you know some of the homes of Hydaburg, it was truly a miracle!

Other than the storms, it was probably the quietest December we have seen in Hydaburg. There was not even a Community New Year's Eve Party! The tight money has cut down such activities. Though the movies in twon seem to go on thesame as ever. Three different shows running at the same time.

But community feeling at this time of year seems to be better than we have known it before. This is the time when people begin to feel closed in; and there are often many community quarrels. But even that side of it has seemed fairly quiet, unless the preacher has not been hearing all!

Our Junior choir was a joy to us at Christmas time, with interest running high, and the kids singing well for the Christmas program.

(Personally December brought a new adventure to me in the new hobby of Ham radio. I just got my rig going about first of December, and have made many interesting contacts all over the States already.)

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Two high-lights stand out in our memory of the month of January. The first was our week spent aboard the Anna Jackman during the Vcation of her regular Missionary, Bill Zieger. We visited points near Hydaburg including View Cove, Rose Inlet, Cleva Bay, and Waterfall. It was good to learn to know our near neighbors. We were warmly received at every point, and felt that we made a good first contact for the boat's first visits. We hope that the boat will be able to make other visits in the area in the future. It was a good lift for Hydaburg, too, to have the boat and the Nelsons visiting here.

The second high-light was the ordination service for the new Deacons and Elders. For the second consecutive year we have been able to bring new life into our Session, as the Church has learned the compulsory program of rotary Eldership. The Ordination was an historic occasion for Hydaburg in that we ordained the first woman Elder in the life of the Church in this Community. It was significant also that she was the daughter of another active Elder. The new Elder is Gladys Morrison. She is the daughter of Elder James Edenso. It was a thrill to see the Father come forward with the other members of the Session to extend the 'right hand of fellowship' to his daughter. It was a real witness to the people of the influence of the Christian Faith in family life.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The month of February has shown a new response to the work in Hydaburg. It has been the highest consistant month of attendance for the current year. This has been partly inspired by the special services with which we introduced Lent. In the Fall Presbytery meeting it was agreed to plan for an exchange of preaching services among neighboring Churches of the Presbytery. Bob VanWest and I completed these plans in February. Bob preached for three special Services for me in the third week. And I returned to Craig and preached at Craig and Klawock in the Fourth week. Both of us felt that it had been a worthwhile program. In both cases our response was as good as for our October meetings.

A family night dinner sponsored by the PWO also brought a good response from our people, and was observed with enthusiasm.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Our Spring attendance at Church has made up for the Winter slump. In checking records with last Year, I discovered that our Winter attendance has been considerably below last year. But through the last six weeks our average has been above the peak of the Winter a year ago. Though I am not sure of the factors contributing to this, it is encouraging to know the response.

Our choir, too, has been more loyal and regular through our Lenten season.....this, in contrast to a general discontent throughout the choir at Christmas time.

The Easter services were met with the usual reponse of large numbers. Our Easter attendance of 130 represented about 2/3 of the present village population.

Since the new officers were elected in the New Year, we have been holding our COT sessions with the Elders and Deacons. Our Session in March was particularly fruitful, with good discussion. They seem to receive the second year material much more readily than the first.

On the other side of the ledger through theLenten program was the very poor response to our Bible Study series, with an average of about 8. Though this correspods generally with last years reaction, I was in hopes that it would be different this year.

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Presbytery meeting at Skagway was the hi-light of this month, both for us personally as well as for the Church. For us personally it meant the usual helpful exchange of ideas and sharing of friendships. It was significant to the Church in that we were represented for the first time in three years. And that representative was a new Elder. It was worthwhile to observe his interest in the meetings, and to hear his expression of what the meetings meant to him. He said before attending thePresbytery meeting the Church meant to him only a place of Worship and a place where he gave his offering....but now he began to see what the total work of the Church meant. He carried this idea back to the local Congregation with a good report also.

Another interesting experience for our Church in April was the return of one of our Native men to give testimony of his changed life, from the way of Alcohol to the Christian way. He was Albert J. Brown, formerly of this Community, who is now living in Ketchikan. While living here Albert was a complete drunk. He began to see some help through the Christian way, from a series of sermons preached by Dr. Roland Armstrong. But he did not change his ways completely until he moved from this community, and was drawn into the Nazarene Church in Ketchikan.

He asked to come back to Hydaburg to give witness to a different kind of life than he had lived while here. His testimony was of deep conviction, and I believe, was a vivid challenge tohis people. His presentation was of the emotional nature that one would expect from the Nazarene Church. And yet it was a reminder to me that perhaps we Presbyterians need to express a little more emtion in our worship.

Then, too, our people were especially moved by this experience because it was a testimony from one of their own. Would that we could have more Christian leaders arise from our Native people to servie in the Gospel ministry to their own people.

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

In the local scene May has brought the annual decline of interest and attendance in Church activities. The Community has also been hard-hit this month by a community-wide battle over a rape case, involving the Village Mayor and a young girl. In a marooned village of this kind, such a case splits the community very quickly into two camps....those for, and those against. And the implications of it all go much further than any one person can describe it. And it has been hard for anyone to know just who is telling the truth.

This has affected our Church attendance. Many will stay away lest they meet someone at Church with whom they are not on speaking terms.

The latter part of the month was spent in preparation for and travel to Rainbow Glacier Camp. Both my wife and I worked with the Senior Hi Conference; and I stayed on for the Junior Hi Camp because of a lack of help. It was a wearing experience, but rewarding.

June has been the month of Camp and Vacation Church School. We returned from Camp on June 15; and during a couple of days rest got ready to begin the Church School the next week.

Our helpers arrived on June 19. They were a willing crew, and have been doing a good job. Our main disappointment has been the lack of cooperation from the local people. With July 4th nearing, which is to be the big day for Alaska Statehood, the community is overcome with the complete spirit of revelry, and very little thought for the Church and its affairs.

This seems to be the lowest 'low' we have hit in the matter of local cooperation since our arrival in Hydaburg.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Vacation Church School closed in early July with the help of a willing crew. The rest of July has been rather uneventful as far as the Church is concerned. All of our Church School teachers deserted to the cannery work. And the Community is in the Summer spirit of busy-ness which ignores the Church. One point of encouragement has been the regular group that attends the evening service. About 35 has been our average. They have been faithful and helpful.

The fishing season has been poorer than ever this year, in spite of the traps being closed out of this area. To date the cannery has put up about 1/3 of the pack done last year by this time. This is a rather disappointing result for those who thought eleminating the fish traps would bring a magic cure-all to Alaska fisheries. Though it should be noted that Fish and Wild life had called for a low year this year.

This is of concern to the Church because the economy of the Community and the whole Winter outlook of the Community is heavily influenced by the Fishing Season.

We served as pastor supply of the Chapel by the Lake from July 1 to July 21. Record of attendance, visits, other meetings, etc., for this period will be included in the report of Rev. K.W. Smith in his monthly report.

The ladies of the Community, under the sponsorship of the Chapeladies held a farewell Tea for Mrs. Evans and presented her with a gold-nugget pin , initial"M ". The Session presented me with a pair of Alaska Jade cuff links. There were many expressions of gratitude by the people. We thouroughly enjoyed our three months of service to the Chapel and it's fine people.

We, with other members of the congregation, met the returning pastor at the airport the 21st. The congregation was as happy to have them return as they were to be home.

Hydaburg- Records of attendance and meetings for the time we have been at Hydaburg were included in Paul Moyer's monthly report with the exception of pastoral calls. We have made 14 calls. we arrived in Hydaburg July 25th

We visited our Presbyterian personel at Sitka, Petersburg, Wrangell and Ketchikan en route to Hydaburg.

We were met at the dock at Hydaburg by a number of people of the congregation and were brought to the Manse in one of the two or three trucks or auto's in the village. We found the house pleasant and comfortable.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We have been showing some of our colored slides taken on our recent trip around the world, on Monday evenings. On the first evening, the congregation had a reception for us, and the ladies served refreshments.(Aug.3rd)

On our second Sunday Evening in Hydaburg, the old warehouse and offices burned with a loss of $150,000 which was covered by insurance. After a loss of 10 days work it was able to start up again, and just yesterday closed for the season. This of course was the Village Cannery.

The new School Principal and family as well as a new teacher from Calif. are Church people and have been attending regularly and the Principal's wife has been helping in the Church School.

One of the members of the church died Saturday, the 29th , at Ketchikan Hospital. A Boat, which takes 12 hours to make the trip one way, has gone for the body. Lumber for a home-made casket will be brought back tomorrow, Sept.1st. The body will be taken across the Bay to the village burial ground. His death was caused by eating fish eggs that were too old. They become a lethal toxic poisoning. The funeral will be reported in next month's report.

The refrigerator stopped on the 8th. The refrigerator man at the Cannery said that some part will have to be sent to the factory. We are awaiting Rev. Moyer's wishes as to what we should do. When Cannery is running we carry water from the rain barrels for Toilet etc. We have caught two beautiful (?) grey rats in the basement and a "soggy, slimy, slug" got into our milk jar, which whetted our breakfast appetite.
We locked ourselves out of the house, and had to break two panes in the cellar window, trying to get in. No glass was available to replace them, so pieces of old linoleum are covering them temporarily. But truly, we have had great fun and wouldn't trade our experience for the Waldorf-Astoria.

Our plans now are to leave Sept. 21st , air to Seattle, then Railroad thru Canadian Rockies, with a stop over at Lake Louise. Rev. Moyer plans to be back for the last week of September, and will report for the month of September.

Narrative report for January 1959

Haines is a highly organized town with many clubs and activities but in spite of it we managed to get in a few group meetings plus the departmental meetings so the church leaders had a too full month but cooperation was excellent. Organization is already good in the church and the Christian Ed. was all set to go to work with my arrival. Much was accomplished but I left quite a list of things still to do when I departed and I had the satisfied feeling that the Session and its Committee will carry things through.

My first Sunday I observed in all the departments of the Church School. In the afternoon met with the Session, Trustees and Christian Ed. Committee. Monday evening met with all the teachers so some good planning was done and dates set the first two days.

The statistics broken down are as follows:

Personal confernces with
- the minister 4
- Superintendent 3
- Haines House C.E.chairman 2
- Individ.staff members 5

Teacher meetings
- General 1
- Kindergarten 3
- Primary 3
- Juniors 4
- Jr. High 3

Women's meetings (including Klukwan) 3

Meetings with
- Church C.E.Committee 3
- Haines House " 1
- Haines House Staff 1

Teaching with teachers
- Primary 1
- Kdg. 1
- Juniors 1

Observation in Junior Hi and Senior Hi

Demonstration in
- Junior Worship
- Kdg. workshop
- Church Nursery

The Kdg., primary, Junior and Junior Hi class rooms were all re-arranged to make more room, comfort and attractiveness for sutdents and teachers. Six beautiful new talbes were constructed by one of the elders for the Primary and Kdg. rooms. The Primary room was repainted. A new picture rack made and the pictures catalogued and filed.

Team teaching was established and the plan for recruitment of more teachers is under way.

I went out to Klukwan two or three times and met with the women's group there. Also showed films and spoke on a Wed. evening there. At a Sunday morning worship service Several of the members of the Haines church and I presented a flannelgraph "Chirstian Ed. in Our Church", which was quite interesting and also worshipful.

I also spoke to three different grades in the public school on Conservation and the Audubon Society.

We had much cold and wind during January but it is beautiful, exciting country at any time and good to be back in it.

Narrative Report for February 1959

We finished up the two weeks in February in the Haines church with two highlight events. A work night and the Open House for Parents. The work night included painting the Primary room, making six beautiful new tables for Primary and Kindergarten, putting doors and shelves in cupboards, and a list of a number of things. The painting was only started but was finished by the time we had our Open House. We were quite pleased with the number of parents who were present considering the cold and windy night and other events taking place. This church has an interested and alert Christian Ed. Committee as well as session and I left them with the feeling that the number of unfinished tasks would be carried through to completion.

In Juneau I met with members of the Christian Ed. Committees and the ministers of our three churches to begin planning for a fall "All-Day" Christian Education conference which is to be held on Sunday Sept. 27. They are also interested in having the Lend-Lease Counselor xxxx stay in Juneau to work in the three churches with as many tri-church events as can be planned.

On my way to Ketchikan it was possible to stop in Petersburg for conferences with Ron Snelling, the Nelsons and Bill Zeiger. We are greatly concerned about the fact that Princeton-Hall is not to be available for groups of our workers. One boat seriously curtails our work in the summer, as well as limits the number who will be able to attend the Leadership school in Haines.

Friday morning the 27th I awoke at 5:00 a.m. with all the symptons of "flu". Whe I saw the Doctor later he suggested the hospital which was all right with me since a busy household with children is no place for someone with the flu. I went in Friday afternoon and left Monday noon, March 2.

Narrative for March 1959

The Easter season in the Craig-Klawock situation proved to be much more full somehow, for the members than in any other situation. Three choir practices per week which took a tremendous amount of our pastor's time in transporting folks between the two towns on a most "bumpy" road was certainly quite a task for him but never-the-less done uncomplainingly. The Van Nest's are well-liked in theses two towns and will be greatly missed.

We have been able to reconstruct the fellowship hall in the Craig church into a rather nice Kindergarten and Primary teaching situation with xixx three new tables for each department, some new screens and some pastel colrs of yellow, blue, and pink to brighten and "warm" the otherwise cold blue of the room. We have even managed to give the women a "kitchen" of sorts off in one corner by pushing the two large cupboards together that had been in opposite parts of the room. Herttofore the women had xnxx served dinners at great inconvenience. This division also sets the kindergarten section off by itself so that we have our interest corners and a nice large space for their circles. More shelves and a different type of picture file than I have urged in other places. This file will be a series of shelves that pull out like drawers. More work and expense than the others but neater and there is not enough wall space here for the other. A very nice thing has happened here on the two work nites we had in Craig. Parents who are not members turned out to help wash the walls, paint, make tables, etc. Two of these are mothers who were at one time on the "liquor" side of the fence They have a high regard for the Van Nests and also the superintendentsappealed to them as parents who have children in the Sunday School so our work nites here were most interesting and much has been accomplished in the re-vamping of the room.

The teamteaching situation here is not working out too well. Teachers are xxx not to be found it seems. Several enthusiastically said "yes" at Klawock but have not turned out so far.

Since this is the last of my four assignments for my first year I can say at this point that there will need to be better planning and preparation and build up between the churches, the Presbytery Christian Ed. Committee, and the Director for many weeks prior to the Director's arrival in the church. In order to hve the church members assume more responsibility for leadership and helping in the entire program which will assure greater success xxxixg the Counseling program, each church will need to have a greater financial obligation.

Narrative for April

I spent another 18 days in Craig during April. Eleven days of the month were spent at Presbytery and travelling to Skagway and back again. It was necessary to leave in time to fly to Juneau, move out of my apartment and ready to board the Anna Jackman at Auke Bay on April 8th. While in Juneau I had a meeting with the ministers and Chm. of Christian Ed. Comm. of the three churches to make further plans for the fall Christian Ed. Conference - a one-day event which is already being planned and publicized. Plans are also being made to some extent for the 3 months "Lend-Lease" Counseling program in the three churches. The All Day Conference on Sept 27 will start the work of the Director in this area.

When I returned to Craig following Presbytery I found that some of the people had turned out on another work nite to paint the walls. This was a nice surprise. The fellowship hall is rather a bright yellow now, with these added soft shades of light pink and blue on screens and childrens tables.

Open House at Craig was about the best we have had in any of the four churches. Not that we had more people but much more participation. However the teacher situation is still not good either in Craig or Klawock. We managed to get two mothers who will help until school is out in Craig. But no teacher for the Juniors to replace the minister when he leaves.

Plans were made with the people in Klawock to entertain the Vacation Bible School team at meals or to provide food for them. The team will live in the manse. They talked of having a picnic for them on their arrival to get acquainted and I hope they will carry through on this so that the members and team members can get really acquainted this year. Craig, of course, has always done a good job of looking out for their team members.

Statistical Report for 6 weeks at Craig

Teacher Training	No. Meetings. Tchrs. Craig.	No. Klawock	No. Average Craig	Klawock
General - Joint Craig-Klawock	1 11		11	
General	2 10	3 9	5	3
Primary	4 7	1 2	1 3/4	2
Kindergarten	4 8	1 1	2	1
Junior	1 1	1 1	1	1
Jr. High	1 1		1	1
Demonstrations with children	4	1		
Session	3 10	1 6	3 1/3	6
Christian Ed. Comm	1 4	2 7	4	3 1/2
Family Night (Chr. Ed. Emphasis)	1 65	1 30	65	30
Trustees	1 6		6	
Women's Meeting	1 5	2 12	5	6
Open House	1 28		28	

The joint teachers meeting with Crai-Klawock teachers was a Preview of the new quarters material. An effort was made in each instance of general meetings to have parents and interested persons attend but only those activiley interested came.

A good deal of publication was given to the Open House but of the number who attended 6 or 7 were Junior High young people, who had done such a good job in doing the church school worship service in the morning we invited them to repeat it for the parents in the evening.

The work nights - 4 of them- were of more interest to some so we did manage to get a good bit of physical work done. Teaching facilities and space are in better shape and of greater inspiration to teachers and children than they have ever been. Am very sorry I did not get some "before and after" pictures of the Craig situation for I shall never forget what I saw on the first day Sunday I oberserved there in March.

Narrative for May 1959

The Laboratory School held at Haines was most successful from the teachers point of view and also from the Observers. This istrue, especially in the Primary section of the school. We had only eight observers and worked with 14 children but the sections were comparative in numbers in the other two. Jane Moser was the other teacher working with me and Deen Nelson was enrolled as delegate from Petersburg. The week was of value for future planning, too, as it gave me some ideas for the fall, and also in planning for such a school for another year. I thoroughly enjoyed the work with the group in my section and with all the others.

The rest of May was spent in getting ready for the school at Haines,, finishing up correspondence and planning for the summer workers, and some planning for the fall.

A meeting with the Northern Light Christian Education committee, conferences with Dr. Evans, Mrs. Redicopp of Auke Lake, Cy Peck, Deen and Dick Nelson. This last one was on a Sunday evening after I learned the Anna Jackman was out at Auke Lake

A team of summer workers for Ketchikan was made possible by shifting the dates of the Petersburg school to the last two weeks of July. Team II will serve in the school at Ketchikan after Metlakatla and then on to Petersburg. The S.J.S.II will take Team I to Kake after they have finished their school at Hoonah

If the four young women who came through early to help in our Youth Camp at Haines are a sample of the others who are coming, we will have an outstanding group of young people to help us this summer.

Narrative Report for June 1959

Highlight for this month was the arrival in Sitka of the young people from the States who are already helping in our various Vacation Church Schools. We had a wonderful five days on the campus of Sheldon Jackson School.- 22 of us with Deen and Jean Nelson and myself. On Thursday the 18th we had our closing service of dedication on board the Anna Jackman with the S.J.S.II tied up along side and ready to take off. Dave Ross who was to go to Pelican was on board with us for the service but left us to take the plane from Sitka to Pelican. We sang together the second verse of the Alaska's Flag song that the young people had learned to love during our five days together. Everyone eagerly looking forward to their assignments and happy that they could look forward to another two weeks together in Haines at the end of the summer.

The Anna Jackman left with the teams for Hydaburg,-Craig-and-Klawock, and Metlakatla-Ketchikan-Petersburg plus their own boat team on board. The S.J.S.II left for Auke Bay with the Auke Lake-Hoonah-Kake team, the boat team and the Fairs for Hood Bay Cannery on board.

We had a good two weeks at Hood Bay. The Fairs seem to be "made-to-order"for that particular job.I was so pleased with them and their delight over the situation there. During our two weeks together we pulled some big old stumps and literally hundreds of roots to clear a play area for the children. On Thursday night of the second week we held our program and following this the children and parents and other adults of the Cannery community went out to the point where the play ground had been made ready and we held a service of dedication. A large board plaque was nailed to a tree reading"Hood Bay Park Dedicated to the childfen of Hood Bay, July 2, 1959" Rev. George Betts led the service and told of the many years he and others had been spending their summers at the Cannery and this was the first time that anyone had taken the time and effort to make a place for the children to play. After the service we made a bonfire of some of the roots that had dried out and had a marshmallow roast for the children.It was a very pleasant climax to our two weeks here.We are trusting that our new venture - placing full-time summer workers in the canneries of Hood Bay and Pelican will fill a real need for the people in these communities.

The S.J.S.II went in to Juneau on July 3rd primarily to pick up the Auke Lake team for Hoonah but we had the fun of taking in the 4th of July festivities, too, with the official celebration of the new State.

Narrative for month of July 1959

Following the close of the Hood Bay school the S.J.S.II and crew went in to Juneau to call for the Team at Auke Bay but with time taken out to watch the 4th State celebration and ceremonies on the 4th of July. All of our young folks thoroughly enjoyed this occasion. On Saturday night we left for Hoonah-arriving there in time for the monring Worship service. We left the Hoonah team there and went on to look in at Hawk Inlet and Excursion Inlet as we went on our way to Chatham Cannery our next school. We had a six day school there. The cannery was running early and late which meant that the children(Junior age) were the baby sitters for their younger brothers and sisters. The team members went the first evening and called in every home where there were children and made a survery, also learning from the mothers their reactions to our schedule. It was necessary to meet with the Juniors in the evenings, the primary and kindergarten children afternoons. There were only 3 of Jr.High age at this cannery. Our plans for having a full time summer worker at this cannery fell through since we could not establish a day time recreation program and the parents did not want their children playing on the only leveled beach area near the cannery because of the bears. During the Bible School hour one of the Junior girls was leading her small neice along the walk and suddenly heard the snort of a bear near the walk. She became so frightened she "froze" while the little tot walked on ahead of her. George Betts grandson came along shortly and the girl, still standing there, told him"there is a bear in back of me."/. He ran for his gun and called a warning to several others. Several of the men came with their guns and all of us hurried to see. The bear was about 8 feet from the walk, evidently trying to get down to the beach. He made quite a fuss with so many watching and talking, taking pictures, too, but finally turned and ran up the hill into the woods.

During our stay here we had a week of very warm and bright weather so the team got busy with paint and brushes and got considerable painting done mornings and after the Bible school hours.

Follwing the school at Chatham we took two of the members of the Team to Kake where they were joined by one of the Team members from the Anna Jackman to work with the new minister and his wife to put on the ten day Bible School and a recreation program there. The S.J.S.II went on Hoonah to pick up that Team and from there on to Hawk Inlet. Here the team scrubbed and cleaned what looked at first like a hopeless situation in the way of a cannery xshack. In the beginning the parents seemed utterly indifferent to our efforts until one night one of the mothers asked me how long we planned to stay. My answer was the attendance was so poor the first two days that if it continued to be this way we would pull out for Angoon the next morning. The children showed up, including 9 Junior High young people and we had a very good five day school there. The Teams did excellent work in these short schools. Our Bible School programs on the closing nights were as good as any of the ten day schools I had seen. I feel sure that contact with this particular mother who questioned me, on another year ahead of time, will make a great deal of difference in their attitude.

Our nine day work project on the church roof at Angoon was something to watch,for me at least. I was the cook so the young people and George Betts could keep busy on the roof. It was a big job. Lynn Illingworth joined us for this at Hawk Inlet so we had 3 boys and two girls. The girls worked as hard and did as much as the boys. We had 2 days during which time the rain prevented any work but the rest of the time they could work most of the time. They were a great group of young people. They had a little celebration of their own when they pulled off the last old shingle and then when they finished nailing the last xxx new one on. We left for Juneau to meet the Anna Jackman on Sunday August 2.

Narrative for August 1959

At about 2:00 in the morning the S.J.S.II and the Anna Jackman met "midstream" near Juneau and there was a happy reunion as the teams who had separated after the Training sessions at Sitka in June, met again. Supplies, sleeping bags and suitcases were loaded on board the A-J from the S.J.S.II. The two groups of young people who had spent some happy and hardworking hours on the S.J.S. were sad at leaving the Skipper and their good friend, George Betts, and their summer"home". The following day, August 3rd, the Anna Jackman left for Haines. It was another bright and beautiful day. We had not had such good weather for weeks- any of us. We had our evaluation for the Bible schools on board. The group was divided into smaller groups of 4 so that some written evaluations were given but conversations between different ones on the boat and also at the Work Camp told us more than anything that everyone had had a wonderful summer, full of many rich experiences.

There were seventeen young people who landed at Rainbow Glacier Camp. These included 14 of the Bible School team members, Abe Lenger, summer maintenance worker on board the Anna Jackman, Jeanie Nelson who had been one of the teachers and team members on the A-J, and Judy Rinker. Judy was one of our summer workers in 1954 who has been anxious to return to Alaska ever since she left. She came in time to join us on the A J at Auke Bay and was very soon one of the "gang" as she joined the group for the Work Camp at Haines.

What a tremendous group of young people! My heart thrilled as I watched them work and listened to them sing, talk, laugh, worship. They were a great group for singing as they worked and the name "The Singing Seventeen" is right for them. They arrived Monday afternoon August 3rd and left following the dedication of the new Bromley Hall on August 12. This was surely the year to have a Work Camp group at Rainbow Glacier Camp! A group of this kind could not have been needed more than following the burning of old Bromley Hall, cook house, dining room and everything in it. Miss Isabel Miller and Ruth Hartmann had cooking facilities and food (the regular food burned too) lined up and ready for our arrival, Hank Hartmann had the pilings lined up and in place ready for the first beams and so the gang went to work at 8:00 sharp Tuesday morning. Considering the fact that one of my teams had just finished working as much as ten and twelve hours a day on the roof at Angoon, and all of the team had worked diligently on their Bible Schools, I was a little concerned about another heavy work assignment for them. But they certainly were not. They had a wonderful nine days together. Each one felt that this was the best part of their summer experience, although they were happy about their Bible School experiences. But getting together at the end of the summer was good for all of them. Most of them left together on the 13th - all excepting three. The dedication of the new Bromley Hall at the Camp gave the spiritual note of worship for the summers end. Then we sailed once more on the Anna Jackman for Auke Bay. Ken Smith and others met us there on the morning of the 13th and took us to the Airport. When the hour for leaving approached everyone congregated near the gate to sing - "We're Marching to Pretoria" and other fun songs- anything to keep the tears back. Then someone started "Alaskas Flag Song" with the Ken Smith verses, it was a little too much for some, for this entire group in eight short weeks had been filled with a sincere and deep affection for the people and the country of Alaska. All of them at some time during the summer voiced the desire to return again. Several said definitely they would come back, either for the summer work, as public school teachers, or one as a Minister when he finishes seminary. It was a great summer for them and likewise for me.

Narrative for September 1959

My vacation was spent trying to keep off my foot on which surgery was done in August. When I began work I had to discard the crutch as speed at that rate was impossible and besides not adaptable to the Juneau hills.

The Christian Education Conference on Sept. 27 brought together the three churches in some planning, for the Ireview of the Curriculum and for some interesting workshops. It ran from 2:30 to 8:30 p.m. and included some fellowship at the dinner hour. However, considering the amount of planning that had gone in to this-beginning last spring when the churches were alerted to the date of the 27th itself and also to the "Lend-Lease Counseling program which would begin with the 27th- we had a very poor attendance. We had some excellent leaders and those who did attend felt the program was well done and worthwhile.

I managed to get an apartment on the 28th of September but had to hire a woman to clean it before I could move in. Also had a woman clean the "Pritchard House" before they arrived as it had been put to good use during the summer by many travelers-thro'.

The three churches are paying my room rent here plus $25.00 for a car. The car is Isabel Miller's new Volkswagen and has proven a far greater help and "crutch" for me and my slow-motion feet these days than the doctor's crutch. All told the churches are paying $100.00 per month. for the Counseling services.

For ret.

Narrative Report for November 1959

Highlight event of this month was the Y outh Retreat for the young people of our churches in South East Alaska held at Chapel-by-the Lake at Auke Bay. We had thought it was to be a planning retreat but the young people were more than ready for organizing themselves into a Y outh Presbytery. Seome Standing Rules were drawn up , officers elected which plans are to be presented at the spring meeting of the Alaska Presbytery.

Another rather special occasion was the meeting of officers at the Memorial church at which time the Christian Education program was discussed and plans for the participation of the various groups presented. The response indicated the need for this discussion and the willingness of people to help when their duties are outlined.

Teachers from all three churches have been cooperating cheerfully and have shown a real delight in getting new ideas and the counselors services have been justified in most cases. A tri-church Junior demonstration was held this month at the Auke Lake churche.

This month-December- I am to concentrate in the Northern Light church but have meetings scheduled with the teachers in Memorial also. I am very happy with response of the teachers in the Northern Light church.

Narrative Report for December, 1959

December marks the end of my three months in Juneau. The month itself was a s hort month for actual work - because of Christmas planning and involvement of teachers and others in the program and in their own plans. I felt however, that the three churches did not make as much use of my services as they should have and could have, right through the three months even though I urged them to do so. I had a car and offered to go to the homes of the teachers to help them plan but everyone was"much too busy!' In my meeting with the ministers for purpose of summarization and evaluation the feeling was that most of them were just beginning to understand the value of the services and each one expressed the hope that they could have the Counseling Services again in the fall months of 1960. They have three very good Christian Ed. Committees who saw the importance of their jobs and if the ministers and their sessions will give to them the responsibilities that are rightfully theirs, they will do a good job of strengthening the program of Christian Education in their churches. I am personally satisfied that there is a far greater understanding of the part of the majority of the church leaders of the total Christian Education program and the need for unification of the whole.

Two highlight events in this month occurred at the Memorial Church . One was the Family Night(which I see I reported statistically in November). I had met earlier in the month with the teachers to Preview the curriculum for them and to train them in the procedure of "pre-viewing". On the evening of the Family night, the theme "Christian Ed. is a Family Affair" was used. About 50 people and their children were present. Following the dinner the teachers gave brief preview of their material and told something of their methods. This was followed by a "skit" for parents showing the importance of the curriculum and good teaching. The Junior and Junior High age children were present and some of them participated in the closing worship.

We had another "Home visitation" with the Parent Teacher Magazines for the new quarter here for the parents of Church School children in the Memorail church. We had four teams and 15 homes were visited. Those who do the visiting get more in the way of understanding along with the joy of the service they are rendering in the visits than those who are visited, I believe.

It is our plan that I shall do some follow up work in that area when I return to Juneau in the middle of March. Plans are already being considered for a Tri-Church Fall Curriculum Pre-view and Christian-Ed conference such as held last fall, which the three churches will take care of this time through selected committees working together from each church.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

In our first report of June 17th a summary of our trip and arrival was given. At present we are much better settled and have many plans for work here. Preparation is underway for the Vacation Bible School and the three helpers who are coming from the States. There is much maintenance work, cleaning, and repair to be done in the manse and in the church. It is difficult to get people together now because of the fishing season. It seems advisable to varnish the manse; less than two gallons of varnish should be sufficient(local prices are too high- $9.45 per gallon). Installation, repair, and wiring for the standby light plant is underway.

Church attendance is apparently at a low ebb in the summer time. There are very discouraging times and then come the times of encouragement. Much of the drinking has been confined to Petersburg. The trap question and the light salmon runs so far present problems. We are trying to keep our Wednesday night prayer meetings going despite advice of some that there are too few to attend. Others appreciated the opportunity to meet and are glad of the strength received. Some of the people are most sincere in their desire to continue as Christians, they know their weaknesses, and above all appreciate God's Word and prayer. The leader of the Women's Missionary Societydoes not want to fail. She wants to be a good leader and asks for our prayers.

The Salvation Army had a potluck supper for us on June 15th. The Women's Missionary Society had a reception and party for us after the Sunday evening service, June 28th. The oldest man in the village, 109(?), John Johnson, died June 23rd after a short illness. Although he was a Salvation Army member, I was asked to visit him. I did several times. The local Captain has been in California for meetings. I was asked to give the funeral sermon and conduct the burial service. Our Presbyterian Choir sang two hymns at the service. He was considered to be the last great man of the village.

Our clerk of session, Ernest Williams, was arrested as watchman on the fishtrap that was put out as a test case. There seems to be some pressure from the cannery in this matter. Most of the people had voted to outlaw fishtraps and now with this State and Federal disagreement some of the Kake and Angoon people are in a difficult position. I trust that respect for law and order will not be lost.

We are in need of your prayers. Any advice will be gladly received.

Because both the church treasurer and his assistant are away from the village it is impossible to send the financial statement from the church. It will be sent as soon as received.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We were unable to leave Chazy until May 19 due to church work, moving and packing. We reached Eddyville, Oregon on May 30th. We had very briefly visited friends and relatives enroute. On June 2nd we left Mrs. Simonds' parents and set out for Seattle. In the late afternoon of June 3rd we were underway by boat for Kake. We reached Port Townsend by evening and stayed overnight. The next day we stayed in the harbor because of 40 mph winds. On the 5th the weather was fine and we were able to report in Friday Harbor to the Coast Guard. Our son, Danny, had a high fever and a doctor examined and treated him. Next, we reported to Canadian Customs and Immigration at Pender Harbor, B.C. We continued travelling, but were delayed by winds, tides, and bad weather. The morning we reached "God's Pocket"(Christie Pass) we found a harbor full of Alaska bound fishing boats. The weather on Queen Charlotte Sound had held most of these boats back one week. Within one hour fairer weather was reported and the harbor was soon vacated. That night we stayed at Bella Bella after darkness forced us to return from attempting to cross Milbanke Sound. The next morning we towed a gill-netter, the Sea-Jay, so that engine repairs could be made. We had travelled together some of the time and crossed Milbanke Sound together. The Sea-Jay again had engine trouble and we were able to tow her around Vancouver Rock into smooth water. Butedale was our harbor on the night of June 9th. The next day we reported at Prince Rupert to the Canadian Immigration and Customs and by nightfall reached Annette Island. On the 11th we visited Metlakatla and the Annette Island communities. My brother and his family live there. He is a weather observer and his wife is the Postmistress. Having fine weather on the 12th we took direct routes to Kake and arrived at 9:00 P.M. We were warmly greeted and the people have been very cooperative. We are extremely busy with our work and getting organized for our work here.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

So far our summer work has not come any where near the expectations of effectiveness. The attendance of Church people is very low. Most every Sunday the women are working at the cannery and the men are either on their way back to seine or preparing to leave. It is not advisable to call on families with the men away, especially if one calls alone. Moses Rose has helped in calling on some homes, but he is working at the cannery and also is taking the summer off and waiting till fall time to begin church work anew. Work projects that should be done are pretty much at a stand-still without help from the church people. It is rather frustrating trying to work.

Along with the discouraging work situation we have been having a cold epidemic and now a flu epidemic. We have learned that the flu goes around 2 or 3 times a year probably coming from the contaminated water supply(muskeg swamp water). A project is under way to connect the town water mains to the cannery damn which has a much better water. We have used the school well water since arriving, but believe that this also may be the source of the bug. Our health hasn't been the best since our arrival. We thought it was probably due mainly to the change in climate and due to the tiresome trip. We have also been having a wet stormy summer which is quite unusual for Kake. However, nowwe are beginning to suspect our water supply as the source of a bug that has taken our energy and takes the zest from life. We arearranging to boil our water.

The main accomplishment of the month was our Vacation Bible School having sessions from July 2oth to July 31(9:30-12:00 and recreation from 3:00 to 4:00). Two of our teachers arrived on July 17th and the third on July 21st. Our enrollment was 85, but our average attendance was quite low. The community did not support us as expected: our promised assistant teachers did not come as planned and there was no real support of the teachers through food. I would recommend an early Bible School next summer before the work season begins when we will have better attendance and our own teachers who need the responsibility and the growth in Christian service. The local people too readily pass on responsibility and I feel resent working with our outside help. We had three of our assistant teachers that came for just part of the session and did not return(two for one day each and one for two days). Our teacher team from the "lower U.S.A." was somewhat immature and by not following advice and their regulations caused concern over local relationships.

On the 20th we had a Potluck Supper welcoming the new teachers. Our Program on July 31st was a success. We continue in need of advice and prayer.

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The summer seining season has just ended, but for the local people it was the worst year they have ever had. Very few boats made a profit and then this was very small. Our church attendance has been a little better, but not what it should be. People are busy doing their own fishing and hunting. Liquor is still one of the worst problems. Our work projects on the Church are still at pretty much of a stand still. We trust the furnace ordered was satisfactory and that the order was forwarded in time that we may have free shipment from Seattle on a Whiz Cannery Tender. We have the opportunity to get lumber to skirt the Church from the Tyee Cannery at $40.00 a thousand. The session want to get 4000 feet which should give some extra to make the furnace installation under the church building possible. We would appreciate having a check for this amount as soon as possible so that we may get the lumber from Mr. Wesley Walker of Tyee. I varnished the Manse; one coat of varnish did not seem sufficient on some logs because it had been two years since varnishing and a second coat was applied to these areas needing more protection. It is advisable to paint(varnish) buildings each year that are so close to salt water and subject to so much rain. Some of the logs(spots) have become discolored. The Manse sewer pipe washed out and only one length of pipe was found which I replaced. Two more lengths were purchased at Tyee and will be put in place soon.

Our Women's Missionary Society in answer to the need at Glacier Camp made a collection and $50 was sent. The members were very pleased as it was the first time they had done anything like this.

Plans were made for baptizing six babies and one baptism was administered on Sunday Evening, August 23rd, to Peter Sutton, Willie Dugaqua's grandson. This baptism was held previous to the others planned because the mother was returning to Sitka the following Monday. Baby Peter became sick and on Tuesday an emergency flight was requested to take him to the Petersburg hospital. Due to high winds at some points and fog at others planes could not get here until Wednesday. Peter died Friday. We hear varying reports that he had a brain tumor and with the complication of spinal meningitis and/or tuberculosis. The home was quaranteened and many of the villagers received preventive treatment. We trust there is now no danger of an epidemic. The funeral was held from the church on Monday afternoon at 1:30 P.M. The father was not present during the baby's sickness and feels that treatment given sooner would have saved the baby's life. The parents came to the manse last evening and we trust God will give them comfort and even in this trial bring them closer together.

Due to the danger of exposing the other babies, we are delaying the baptisms. We stand in need of prayer and advice. The work here is indeed difficult.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This month has been mainly a month of sickness for the people in Kake. It was feared there might be an epidemic of spinal meningitis. The sickness has been called "meningeal", acute respiratory infection, etc. There has also been a type of stomach flu and this could very easily come from the water supply. There has been no serious result, but secondary complications are the main concern- eye infections, ear infections, etc. Mrs. Bell, former health dept. nurse, advised us to take our family to Petersburg for treatment. There they were immediately hospitalized. The main question was whether they might possibly have spinal meningitis. This did not develop. However my wife and one daughter had to remain in the hospital over one week; my wife was finally hospitalized. Dr. Smith recommended that we take our children out of Kake due to the poor health conditions. There has been a health department man from Juneau, but all that has been done is to merely underline the problem. The health condition is due to the following: rats, open sewers, contaminated water, drinking, and no proper care of garbage. Attempts have been made to inform people of the problems through the church, school, and Mrs. Bell. So far the conditions remain about the same or as one person said, "worse". Health conditions remain a serious problem. Baptisms have been delayed week after week thinking that it was best not to expose young babies to a large gathering of people.

Fall fishing has been very poor and little or no profit was made. Many boats went in the red again. One Kake resident is still missing in Ketchikan; it is feared that he has met foul play. Most of the boats went to Cholmondeley Sound in the Ketchikan area.

Drinking continues to be a problem. One of our deacons prone to drink has started coming back to church. Our W.M.S. president who had stayed away from alcohol for a year went on a drinking spree in Sitka while there with her children for health check-ups. This woman has asked forgiveness and I have visited her twice. Three men have asked for help to overcome their drinking. In most lives there is an apparent lack of love. This could come from drinking, but may also be present as a cause. Alcoholism is regarded today as a sickness, but here it may be partly caused by the changing culture and insecurity resulting. The Church has a most difficult task, but is the only ultimate answer.

Our Sunday School is not getting off to a very promising future, but I am told this has been a weak part of the church. We have hopes and plans nonetheless.

We stand in need of help and advice. Your prayer for our work here is necessary.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This month has brought forth more church activities because people are now having more time for church. Many people are still hunting and fishing and this will continue until the trapping season. The meet ing of Presbytery was helpful in many ways. Our elder representative was not able to attend. Lay participation and even elder participation in active church work is still lagging, but it may be that it has never been very much anyway. Our three session meetings were well attended, but again it is difficult to get things done; plans are made, but are not carried out. The service of introduction was held with a fair attendance(70) for a Wednesday evening. Our Assistant Secretary presented the manse and church needs to the session, but that is a dead end until they present the requests to the board. We are still at the same point as before. We are in need of forms and instructions for making requests to the Board. We are still without heat during the hours of 12:00 midnight until 7:00 or 8:00. We are told that the electricity will be on a 24 hour day soon. There is still the need for a standby heating unit, either wood or oil. Wiring the standby light plant to the manse presents a problem because the manse wiring is 110-220 and the plant is 110. Mr. Ray Bell said a transformer would be needed and that he has one for $90.00. The property settlement is still in the planning stage with no result.

Our choir has finally started practice and we look forward to new interest. The choir would like robes and we are making a request through Monday Morning for 40-50 used choir robes. We still do not have a mimeograph machine which would be of great help in the work. We have ordered a postcard size machine and minimum equipment, but could not really afford to do this.

We are experiencing some Salvation Army criticism, but on the whole we have some very bright hopes. Our calling will continue to attempt to reach everyone as we are representing Jesus Christ in the fullness as we know Him.

Our Sunday School work has its ups and downs. We are getting more teachers now, but one never knows who is going to come if at all. Our first teachers meeting brought forth one teacher, but a second meeting less than a week later brought forth four.

We have plans for a Young Adult Group and plans to promote Sunday School attendance. All of the work is especially difficult because I am still in the learning stage.

During September there was a second death due to an overdose of sleeping pills(drinking and fighting had preceded this). A young man was missing after a fall fishing trip to the Ketchikan area. His body was finally found floating in Thomas Basin. He was R.C. and his mother S.A., but she requested

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

This month has brought forth more and new activities for the church. There is great difficulty in always carrying out our activities even when they are scheduled in advance. There are community activities that come as it were on the spur of the moment and when they are such things as movies and basket ball games there is nothing that can be done to maintain our own attendance. The basketball team from Angoon arrived three days late and stayed seven days; this meant a change in game schedules, extra games, evening entertainment, potlucks, etc. We had two players staying in the manse. Our Young Adult Group at present is such a mixed group(Presby., Salv. Army, and R.C.) that it will be difficult to carry out our full church program without some casualties, but this will be expected. Our Senior High Group seems quite enthused and we hope will continue to find growing experiences along with entertainment and fellowship. Our Juniors are making puppets to carry out the work of their Sunday School Class and give a good project for evening meetings. Our postcard sized mimeograph is doing an active work in printing special invitations to meetings, announcing services, promoting activities, and bringing short messages to people during the week.

A Sunday School party brought out 47 younger children and 5 teachers. Only two of our teachers came that Sunday, but we still hope to have a Sunday School truly witnessing and teaching Christ.(done)

In the past there has been little/to instruct communicants, but we are experimenting in recording a message that goes with the film-strips of the Communicants class kit and having these following our Sunday Evening Service. This way we hope to bring new understanding and meaning to all the people whether present members or those who will become members. So far this plan has found a receptive people.

It was necessary to estimate not only for December, but the last of November to meet the deadline for Annual Statistical Reports(Dec. 1).

Our choir has a number of S.A. members and one aim of the choir is apparently to sing for theSA.Congress. There has been some difficulty in getting the Choir to sing regularly; this is caused partly by there being too many other activities in the community and the fact thatChrist does not come first. The customary united services with the S.A. were enlightening. The S.A. had the evening service before Thanksgiving. The two captains from Petersburg joined the two local captains in Kake. Rather than merely a Thanksgiving service it lasted two hours and was more of a promotional meeting with a ceremony taking in five junior soldiers. However, the attendance was not large for a united and evening service, and there were more Presby. than S.A. (Next year the Presby. will have the evening and S.A. Thanks. morning) (change in custom)
We had about the same number present in the morning, but it was a Thanks. Sevice.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

December has been a very busy month and church activities have been increased. There were so many activities and events it is difficult to record them on this report. One very interesting fact was the request of the Town Council that the church and school leaders meet with the mayor and consider having one big Christmas program in the Hall. It was made clear that our church program was mainly a worship service and the gifts were from other churches. It was finally decided to continue the three separate programs and services, but with as much cooperation as possible. The tile floor covering in the Recreation Hall was installed; this brought renewed interest in the church and gave opportunity for people to give of their time and energy. A "belated memorial service" was held for Elder Billy Johnson who had been a very active church worker. This was also a time of presenting the new tile flooring to people; about 150 people were present. Use of the Communicant's Class materials has continued and a family of five was baptized(two became communicant members). A former elder was received by confession of faith and one person transferred her membership to this church. We hope to have a class for young people soon. Our Christmas service and program brought about 350 people; the Rec. Hall was opened so that the whole building could be used for seating. An elder and his wife had requested the opportunity to rededicate their lives to Christ and this was given at an evening service(much drinking had preceeded and much grief had come from this). The Annual Watch Night Service was preceeded by filmstrips. There were about 200 people in attendance and 15 members came forward to openly rededicate their lives. We trust that this renewed faith will continue and encourage others to live for Christ. The elder who rededicated his life helped to lead in the rededication call. The Women's Missionary Society served a lunch after the service; (Service and evening lasted from 9:00 to 1:30A.M.) Discussion had been held in Session Meetings on leveling the church and manse grounds in order to fill a large hole by the church and a low spot by the manse. No official plans had been made, but An Elder requested Ray Bell to use his caterpillar to do the work. This took 5 hours at $10 an hour. Mr. Bell donated 1 hours work and the remaining cost was met by donations for this cause at the reception following the Watch Night Service. This elder gave $10 on his own desire. This will greatly aid in making our grounds more attractive and suitable. We must now get some earth for a lawn and also the grounds are ready for fencing. The response to our requests from Specific Works for gifts was very prompt and sufficient; this help from our Church has meant much. (Our December check has still not reached the Bank of Petersburg)

DO NOT WRITE NARRATIVE BELOW THIS LINE Benevolence of $100 was paid by December 30.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The congregational meeting was held during the latter part of the month and it went fairly ~~xxxxxxxx~~ well. One gentlemen caused a mild fuss asking why his name wasn't on the roll but it soon became known that he had never joined the church at all.

The financial situation is not all good. In raising over $3300. for the bldg fund last year the church went almost $900. in debt. It seems to be impossible to run the church for less than $5500. a year and this year we'll have the debt on top of that. 41 pledges have come it and we'll be o.k. if the pledges are paid.

Considerable fuss is being raised because of the 26 people suspended at the end of the year. Included in the group were two elders and one deacon. They had been given a warning at the early part of the year and none had been active for three years. Some of the older members are especially against the action.

One of the factors compounding the situation is the ~~xxxxxxxx~~ personal life of the elders taking the action. We still have one elder not coming to church at all and he was joined this ~~xxxx~~ month by: an elder inviting a lady friend to come live with him, an elder sporting a fractured jaw from a recent bout with her husband(), and an elder expecting an addition to his family & ~~xxxx~~ married only a few weeks ago.

A change was made in our new church situation with the old building committee being given the responsibility of building the church. A new committee composed of all the elders in the church was organized to plan the church. This came about as a result of the old committee not being around and my own feeling that the elders should make the final decisions as to location of pulpit & communion table.

Two trips were made to Metlakatla for Cong. Meeting and Communion.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Feb. was a very busy month for the church. Besides the activities picking up during the Lenten Season we had a number of visitors.

Mrs. Swanson made her return visit and met with the church school teachers and checked on progress made since her visit last fall. Progress had been made in most of the church school departments and in the youth group but our Christian Ed. Committee is still weak.

Dr. Earle was here and we enjoyed him very much. The public meeting was poorly attended but we didn't have time to really publicize it. I especially appreciated some free moments with Dr. Earle and the discussions with him.

The SJ.S. Choir was here and filled the church even tho there was another musical event in town that night. We took registration of alumni as a start towards a group here and enjoyed the young people very much.

The church cooperated in a World Day Of Prayer Service and many of our people were there.

After noticing that many of our people head for the coffee shop after the morning service, the session decided to have coffee after every morning service. The response has been excellent. We are starting to notice a few new faces in church each week and the coffee hour gives us a good chance to meet them. A few of our people are making a real effort to introduce themselves around during the coffee hour.

Basketball season closed and our team is in a tie for the 2nd half's championship. I'll be quite glad to see it end as it has meant part of two afternoons each week.

The elders have finished their meetings on the new church and have made all the decisions suggested by Mr. Carson. I was quite please to find them willing to come out on Sat. nights but it was the only time we could all get together.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The church had a very fine and very full Easter Season. Activities were:

Maundy Thursday Communion Service--86 were present for the largest crowd we've ever had. Included in the service was adult baptism and reception of new members. A reception honoring the new members followed the service and about 70 stayed.

Good Friday Service--The ministeral Assoc. sponsored a three hour service for the first time in many years. It was held in our church and 145 people came, many staying for several parts.

Easter Sunday--A sunrise service was sponsored by the Ministeral Assoc. and around 300 people were there. Our W. F. had a breakfast following the sunrise service and rasied about $25 for their camp fund. For the first time we had two morning services with infant baptism at the first service. Our crowd was not much larger than in previous years but was almost evenly divided between the two services and no one had to sit in the social hall. Only two people were at the morning services who wwere unkown to me. The choir presented their concert in the evening but only a few were present. The low attendance seemed to result from poor publicity and too long a day for those going to the sunrise service.

Other activities included: Participating in the One Great Hour of Sharing, a fund raising dinner sponsored by the trustees (to help pay on the church debt), two communicant's classes a week, our first session with the architect, and two trips to Metlakatla.

Some progress was evident in the Women's Work as the group doing bible study has voted to meet in different homes. A very fine meeting was held on the A.J. with Miss Benfer and the women enjoyed her visit. Two of the younger women are going to Presbyterial and I hope they catch a vision of what the women should be doing.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

April was a month of travel. During the first part of the month our choir and interested friends went to Metlakatla for the last night of the preaching mission there. Several of our people had never been to Metlakatla and all enjoyed it very much...Presbytery ate up about two weeks of the month and four of us attended Presbytery & Presbyterial... An over-night retreat was also held on the A-J by our Ministerial Association. It was a very profitable time as we had good weather, excellent fellowship, and many of the ministers received first hand information about the boat and its ministry.

Life around the church seems to holding up for the post-Easter season. The choir gives evidence of going right up to the summer and some are talking about singing all summer. Attendace was very high on two Sundays and then dropped for no apparent reason. Bill Zeiger preached on two Sunday Evenings , Elder Edna Warner had one Sunday Evening, And ~~Ag~~ Elder Agnes Warner preached the sermon when I was at Presbytery.

No action on the new church. Drency Dudley saw the architech and I called them once so more preliminary plans should be forthcoming.

People are quite optimistic about work this summer with the pulp mill running up to capacity, the spruce mill not able to find enough logs to cut, a street ~~repair~~ repair project costing close to ½ million, and a fair forcast on the fishing. Undoubtedly many of the merchants will be hurt by the closing of the traps as money spent on the crews etc. will not come into town. Some of our women will not find work as only two canneries will open. But most of this money has not found its way into the church but gone for new appliances and home improvements. I think that even tho the fishing season is poor the boats will do better especially the smaller boats fishing on the inside. This should help some of our people financially although it is becoming more & more evident that it is impossible to earn a year's wages in just two months of fishing. The men who have boats are going to have to fish herring, halibut, & maybe even boat log. Many of men may have to give up their boats as New England Fish Co. is forclosing on several boats this year and undoubtedly will forclose on more if there is a poor season.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

May has been a full month with some events happening that were quite discouraging.

For some time I have been concerned about the Women's Association. Our older women continue to elect the younger women as officers and then run the organization in the same old dis-organized fashion. After the Presbyterial Delegates received no support on their suggestions for helping the group I called all the officers to the session meeting and the whole issue was discussed. The session ordered the women to adopt a set of by-laws and get themselves in harmony with the United Presbyterian Women's Program. All of the younger women, and they are in the majority, are in favor of this but the older women have been doing a great deal of talking during the month.

The Building Committee met for going over the 3rd set of preliminary plans we've received and we had a large turnout. While some progress was made the comittee completely reversed themselves on the position of the choir and are still thinking in terms of the choir growing to 60 voices. No concern is being shown for the growth in Sunday School that will undoubtedly come. The chairman of the building committee is still opposed to the type of new church to be build and is quite vocal about it.

Some elders of the church were also a source of trouble. One elder's wife had a baby after five months of marriage and another is going around with a married women only a few weeks after I got him to kick his last girl friend out of the house. Another Elder & Deacon (neither one on active board) were married in a private home this month, turning down an opportunity to be married in the church.

Other activities during the month included a trip to Metlakatla, two funerals, two weddings, participating in Memorial Day & Law Day festivities, and a united evening service with Chaplain Homiston.

An announcement has been made by the Baptist Bible Fellowship of Springfield, Mo., that a mission will be started in Ketchikan. Their plan is use an airplane out of Ketchikan and to establish Bible schools in the small villages in the area. A flying minister has already been in to set up the work and he expects to bring his plane to town in a few weeks...

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

We had the finest June of our experience. Items of interest were:

Mr. Chuck Seller arrived to help for the summer and seems to be very capable. Some time was spent in talking over the situation with him and going over some of the members, but he is working very hard with only brief review and guidance.

The evening service was discontinued by the elders after no one attended for two straight weeks. The trend has been in this direction for some time and I'm hoping that Sunday Evening will be given over to youth activities.

The choir has continued to sing during the month and this has been very sucessful. Seven new members have been added, it seems to be filling in for a lack of things to do during the summer, and it is certainly showing some of our inactive members that the choir is for leading worship rather than singing cantatas twice a year. Included in the new members are three recent grads from S.J. who all sang in the choir there for the last several years.

Our youth program is picking up with seven Jr. High's and three Sr. High's going to camp during the month. The Jr. High's are meeting for a picnic each week and an organizational meeting has been held for a new Sr. High W.F. group next Fall.

The was some request for a communicant's class during the month and several attended but only one person took all six sections and became a member of the church.

Two very fine evenings were enjoyed with Dr. Jackman and his tour. The profits from these dinners going to our hosting Presbytery next Fall.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

The activities during the month didn't seem to let up even tho it is summer. They included:

The 4th of July Booth made over $200. profit and for the first time this money was placed in the church funds in order to pay off our debts. Always before this money has been used for a special project. Little help came from the church members and most of the work was done by the girls off of the A.J. and the ones here for D.V.B.S.

Chuck Bellar is working out very nicely and we are managing to get most of the work done between the two of us. He is taking over the youth program and the young people are responding to his leadership.

D.V.B.S. was held and it was one of the finest we've had. Several of our own teachers helped the team and the members of the team were excellent.

Two of the elders requested a special session meeting and the question of adultry amoung the officers was reopened. After long discussion the elders voted to ask the officers guilty to resign from their offices and any non-members of the church, who were guilty, to leave the choir. The action involved Charles Nelson leaving the session, Jack Edenso leaving the session and trustees, Clarence Dundas giving up his positions as Choir President and Assistant Director, and Mrs. Nelligan leaving the choir. Some of the people have been contacted during the month and they have resigned plus quitting coming to church.

The last week of the month was taken as vacation..

I took the first three weeks of the ~~month~~ month off as vacation and went to see my parents in Oregon. Coming back I flew into Juneau, had a conference with the architect, and came home via the A.H.

Things seem to go quite well in my absence with Chuck Sellars doing a fine job.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

Activities picked up as the fishing season ended and this plus a lot of extras meant a full month.

Out youth program got off to a fair start. Both groups have two couples advising them but the parents in the church are making no effort to get their children into the program. Several changes have been made in Sunday School and we have nine good teachers plus Spp't.

The church seemed caught up in a lot of extra activities this month. We took part in a community religious survey and picked up about 125 non-member cards. Of these about 1/3 had some tie with the church and I knew 2/3 of them. Preperations were being made for Presbytery, I was in court or conference with welfare five or six times, had several funerals, the A.J. was in dry dock for several weeks, and effert was made to get an S.J. Alumni group started.

Our church was hurt by the announcement that the Brit Ash Family were moving over to the Methodist Church. He was Chr. of the Deacons, taught the Adult Class, all four sang in the choir, the boys were ~~xxixx~~ active in the youth group, and the family gave about 15% of the money coming into the church. Their leaving was a result of the apathy of our members and the poor example set by some of the officers. He was really the only professional man in the church and his leaving is quite well known about town. It seems almost an impossibilty to have an intra-economic as well as an intra-racial church.

The leaving of the Ash Family and the recent resignations of officers because of adultry has left the church quite unsettled. There still is an undercurrent of resentment about moving the church and many of the suspended members are continuing to make barbed statements. The main work of the church fall back on the faithful few and some of them are discouraged. My own feeling is that if the new church isn't constructed next summer we will lose the interest of many other members.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

November meant the beginning of the Church Basketball League and our church continues to play an important part in the leadership of this activity. This year we will be the only church with teams in all three leagues.

The Every Member Canvass was held this month and is still in the process of being completed. An attempt was made to get the the members out to a pot-luck supper where the Trustees presented the budget and the needs of the church. About 50 people were present including most of our key families, but only about 20 pledges were turned in.

Our church also co-operated in the Union Thanksgiving Services and many of our members were present.

With the membership of the nominating committee being completed the committee held two meetings during the month. This is the first time we have had such a committee (before the Elders have done the nominating) and they are putting a lot of hard work into it. The Congregation elected two members of the Session so we have a good core of four Elders on the committee.

On the 25th of the month I had the pleasure of speaking via phone to those at the prayer meeting of the First Presbyterian Church, Kensington (in Philadelphia). Plans had been made in advance, slides had been sent to them, and my voice was projected from the phone to a loud speaking system in the church while the slides were being shown. The Rev. Earl Tyson is the minister of the church.

During the month I also preached for one of the local "faith-missionaries". He is a nice person and feels himself to be a Pentacostal-Luthern. His services are held out in the low cost housing district where many of our families are located. I wasn't too anxious to be tied to his work but decided to attend in case there is ever any case of our people becoming involved in his work. The service was a very emotional one (up until my sermon, that is) and it even drew several "amens") and they are reaching some people that our church has not been able to work with.

MONTHLY REPORT, CONTINUED (Original and 3 carbons)

Report highlights of work accomplished, indicating progress in program for the year; relate successes, gratifying experiences, special problems or needs; and summarize special meetings and activities. If space is insufficient, use plain paper to complete report.

December was a very busy month. In addition to the regular committee meetings, basketball practices & games, and program, we had the rush of Christmas Events. Figures for all are on the other side of page.

The weather played an important part in the month as we had steady winds, rain & snow. Several times the winds were 80 m.p.h. and one night even went over 100 m.p.h. The weather had to be braved for almost every church event.

During the month we also had three weddings and five funerals, two of the funerals and three of the weddings being in the nine days before Christmas. The funeral for Elder George Edenso of Craig was held in our church as seven of his children live here. The death was very sudden one night and it means a loss to both the family and the church.

Both the S.S. Program and the Christmas Eve Program were well attended, the latter being held for the first time in many years. Special parties were held by the U.P.W. and the Jr. Hi. W.F. The annual sale sponsored by the U.P.W. netted them well over $100.

Our Trustees sponsored the film, "Mark of the Hawk" and received 50% on all tickets we sold. It was shown in the local theater but only for one night. We could have done much better if the film could have been previewed by local clergy before the showing. Profits went into the building fund.

New plans were reviewed by the Bldg. Committee but major revisions are to be made before being acceptable to the committee. There is little desire for a shed-type roof and we still question the location of the building on the lot.

Serious thought is being given in town to the question of a new hospital. A new one must be built and the Prot. Ministers seem prepared to take a stand against using public funds for its construction and then giving the title to the R.C. Nuns now in charge. It will be a thorny question as no one in the city is very anxious to get into the hospital business.
